

Untitled Game Project

Storyline:

After the passing of his grandfather, the protagonist is left with his grandfather's pet cat Kippy. Unfortunately he is allergic to cats and cannot take care of the creature. Left with no other options, the protagonist searches throughout town for a new owner. On his search, he discovers a serial cat killer has been on the loose, poisoning cat food left for stray cats in the neighborhood.

Character Design

The protagonist has dark messy hair and sports a bold blue hoodie. He has an enthusiastic and witty personality.
